# **IMPORTANT SERVICE ANNOUNCEMENT!!!**

## **Mediterranean Shipping Company is pleased to announce the transfer of its Houston operations from Barbours Cut Terminal to the NEW Bayport Container Terminal.**

**This new state of the art facility is part of a very ambitious 15-year build out plan that will ultimately count 7 container berths all equipped with Post Panamax cranes and a 378-acre container yard. The Port of Houston Authority is announcing a projected container volume of 2.3 million TEU in 2020 which makes Bayport Container Terminal the port of the future for the entire Gulf area.**

**With this move to Bayport, MSC will only strengthen its position as a leader in the Gulf region.**

**MSC's first calls at the Bayport Container Terminal, will be with the MSC Alessia v.566a for the South Atlantic Service (ETA 5/9/2008) and the MSC Venezuela v.6a for the West Mediterranean Service (ETA 5/12).**

**The East Coast South America String 2 will be transferred in a second phase in June 2008.**
