

## **MAERSK LINE**

To Our Valued Customers,

Please note that Maersk Line will be implementing a General Rate Increase (GRI) for all shipments around the world to Hawaii. The Hawaii State Department of Agriculture has been mandated by legislation (enacted on July 8, 2008) to implement a new tax to be collected from customers to fund an increase in focus on the inspection, quarantine, and eradication of invasive species in Hawaii. As a result, all tariffs and service contracts will be subject to a USD 20 per container general rate increase to cover the tax and associated administrative costs. This GRI will take effect on November 1, 2008.

The scope and revised rates are as follows:

- Scope: World to Hawaii
- Revised Rate: USD 20 per container (all containers sizes, dry & reefer)

Should you have any questions, please contact your local Maersk Line Sales Representative. We thank you for your business and look forward to continually serving your transportation needs.
